

PEAK

Relational Training System

ABA WITH PEAK TRAINING

PEAK stands for Promoting the Emergence of Advanced Knowledge. It is an assessment and intervention program designed to teach language and cognition to individuals with autism, related disabilities, and other areas of need.

A brief 3-4 hour online opportunity to learn the details of running ABA programs using the PEAK curriculum. Watch Dr. Dixon speak about each of the 4 PEAK modules, demonstrate program running, and how to collect data. These videos are supplemented by additional clips of program running, short narratives from Dixon on each of the modules, and brief quizzes to evaluate your competency.
